Healthier Together

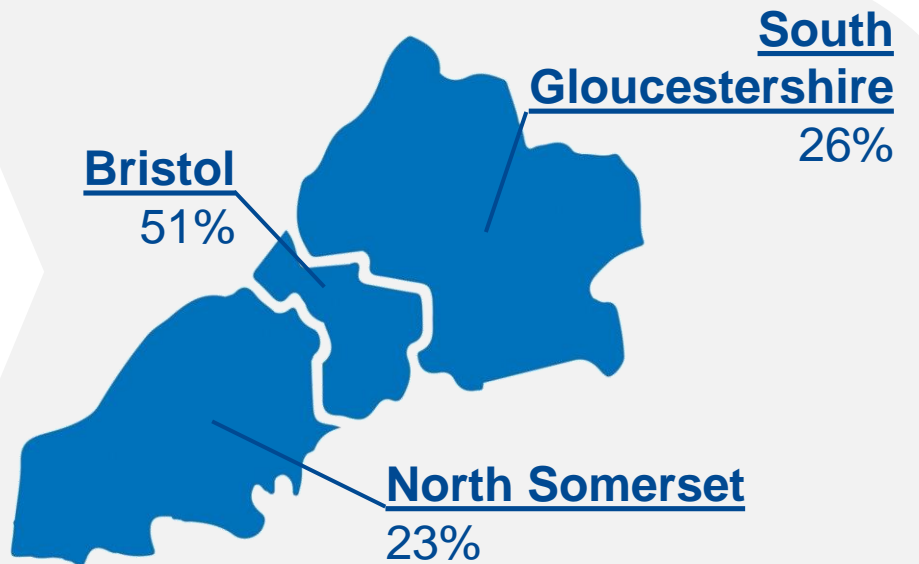

Improving health and care in Bristol,
North Somerset and South Gloucestershire

Key insights from our Healthier Together Panel – 2018/19

400
questions
asked

221,000
individual
answers

73%

of panellists report
feeling healthy

1 in 10

panellists report that they have
had an outpatient or clinic
appointment that they considered
to be a **waste of time**

If panellists were in control
of health and care budgets
they would spend...

28% on mental health
15% on primary care
15% on hospitals

1 in 5

panellists **do not believe**
they were sufficiently
involved in decisions made
about their health and care
